The screenshot displays a DAW interface with a MIDI piano roll for a drum track. The piano roll is populated with various drum samples, including 'ana-kick-4', 'MARACAS', 'crash-hard', and 'ana-hat-open', each mapped to a specific key. A detailed control panel at the bottom provides parameters for the selected sample, such as volume, pan, speed, timestretch, and EQ. A waveform view is visible at the bottom left, showing the audio signal for the selected sample. The interface also includes a top menu bar with options like 'view mode', 'background key input', and 'master volume'.

The screenshot displays a software interface for sound effects. The main area is a keyboard layout where various keys are assigned to different sound effects. For example, the F1 key is assigned to 'ana-clap', F2 to 'ana-hat-closed', and so on. The right side of the interface shows a list of active sound effects, including 'dxKik01_loud', 'MARACAS', 'ana-kick-4', and 'crash-hard', each with a duration and a play button. The bottom of the interface features a control panel with various parameters like volume, pan, pitch, speed, and time stretch, along with a waveform display at the bottom.
